

CHARLOTTE NATASHA ONYANGO

Full-Stack Web Developer

Aviation | Aerodynamics & Propulsion Design | Aircraft Safety and Management | Project Management | Web Development | Industrial Organization and Management | Reporting Skills | Relationship Building and Management | Leadership & Team Management | Excellent Communication Skills | Microsoft Office Suite

Technical Skills: Python (Flask and Django) | HTML5 | CSS | JavaScript | AngularJS | Heroku Deployment | PostgreSQL | TailwindCSS | React | NextJS

Tel: +33601888826 | Email: charlonatasha97@gmail.com | Location: 34, Avenue de Toulouse, Figeac, 46100

PROFESSIONAL PROFILE

An enthusiastic and motivated Professional with expertise in web design, installation, testing, and maintenance of web systems. Astute knowledge in aviation and aircraft component and systems troubleshooting and technical repairs. Proven ability in optimizing web functionality that improves data retrieval and workflow efficiencies. Autonomously responds to operational and technical challenges with confidence, determination, and a rigorous focus to deliver top-tier solutions and automation for seamless operations management. Track record of improving designs while reducing costs and streamlining manufacturing processes. Goal-oriented and highly motivated with solid project management and team leadership abilities. Excellent communication skills, flexible, quick-witted proactive individual with proven ability to provide logical and practical solutions.

Professional Strengths:

Creativity and Innovation: Able to think and freely synthesize solutions for all problems and also for improvements that are required during a program or project.

Strategic Planning: A strategy architect who is able to come up with plans that influence decisions that are dictated more by practical consequences and simplify complex situations.

Creative Problem-solving: Astute at simplifying complex and ambiguous situations through continuous innovation in order to deliver consistent and sustainable solutions.

Relationship Management Virtuoso: Leverages Interpersonal skills to establish rapport with stakeholders and partners to manage expectations, deliver quality services and meet objectives.

Excellent Communication and Interpersonal Skills: Possesses excellent verbal, written, and presentation skills; Able to articulate clear communication and relate well with people

PROFESSIONAL EXPERIENCE

[Attache](#) | January 2017 to March 2017

East Africa Air Charters – Wilson Airport

Key Contributions:

Participated in mandatory periodic inspections and documented findings.

Understanding the aerodynamic performance of the aircraft and its implementation.

Used measuring instruments, digital tools, and equipment in the performance of daily operations.

Performed assembly and disassembly of interior upholstery of B1900D.

Ensured that the aircraft's spare parts were correctly packaged, stored, and handled as per the manufacturers' manual, specifications, and civil aviation regulations. Also ensured that the occupational health and safety procedures are followed to the letter.

Monitored that the spare parts within the store are stored correctly, in the right condition, marked accordingly and those that require special maintenance are separated from the others.

Delivered and received aircraft spare parts as requested to assist in aircraft maintenance.

Kept records on the tools as taken and returned while in stores.

EDUCATION

[Full Stack Web Development](#) | February 2022 – August 2022

Moringa School

[Diploma in Aeronautical Engineering \(Mechanical\)](#) | 2016 – 2018

Africa College of Aviation and Management

AWARDS

Received Women in Tech Scholarship Award to study Full Stack Web
